with wheels

If you travel, whether it's across town or around the world, these sample bags/cases are designed to make your life easier and more productive. Quality-built to industrial standards, these bags and cases are built specifically for the floor covering industry. Standard sizes (soft-sided bags and wheeled cases) are available in stock for immediate shipment. Soft-sided bags are black with silver handles. Wheeled bags are solid black and feature an exterior strap for carrying additional bags. See back page for details.

or without

Wheeled bags come standard with high quality, ball bearing, roller blade-tough wheels.

At SLW you can get what you want to solve your bag/case needs. In many applications bags are the correct solution. In other situations cases are the clear choice. Not sure? No problem. Call us toll free at 800-673-6371.

We are here to help you!

CUSTOM

Need a special size bag or case to carry a particular floor covering sample? No problem. Just use your imagination. Any size and virtually any color is available. Don't forget to add your company logo - embroidered, silk screened or leather embossed. SLW custom sample bags and cases can be built to accommodate all types of floor covering samples. For bags, choose from three construction types. Rigid wheeled cases are built in one construction type, with many interior space options to precisely fit your samples. Order any quantity needed — one to one thousand, or more. We're equipped to satisfy your special needs. Contact us. See our CUSTOM TECH SHEET for details.

Standard in stock soft-sided bags:

Standard bags are available in 5 sizes, in 2 depths, except model AFB which comes in 1 depth. One color available—black with silver handles. Standard bags are soft-sided and non-structured. They are built primarily to carry rigid samples. Made to industrial standards from AnsoTex or Cordura high-strength water repellent nylon. Standard bags are built to last using heavy-duty nylon zippers, handles that don't come off, quality stitching, and leather handle guard. They can be washed and folded up for storage.
